Meet the VVAA Students Association

Hello Everyone! My name is Aylin Mejia and I am your Student Association President. I am in ninth grade and fun fact, I am also the youngest in my class. My favorite class in Math! During the course of this year, I will make sure our school events are exciting! Having fun games such as, capture the flag and red light, green light, is one way to make events more enjoyable! I hope that along my team, we can make this an enjoyable year for all of you!

The purpose of the Student Association is to serve our school. We want to make this a memorable year for you and ourselves. We want to be able to bring our school together through the events we plan to lead out. We want to be the voice of the students throughout the school. We hope that we are able to serve you in this school year!
